

High Frequency Sight Words Flashcards Set A

Dear Parents & Family,

This is the first set of High Frequency Word (HFW) flashcards. High Frequency Words are used regularly in books but may not be easy to sound out (*think of the word the!*)

Cut out the flashcards carefully.

Review them with your child *daily*. You might want to make an extra set and post the words around the house, reviewing the words in the car before school, during bath time, etc. Give your child a special prize (hug, kiss) for learning the words.
